

Echo Barrier Hub

Manufacturing guide

How to work an order: download it, confirm it, finish it

What changed

Purchase orders are no longer attached to an email. Every order now has its own page in the Echo Barrier Hub, where you download it, confirm it with your dates, and mark it finished when you invoice. The email only tells you a new order has arrived and links you to that page.

Three steps on every order

- 1 Download the purchase order. It is the document you build from.
- 2 Confirm the order. Enter the estimated start and finish of manufacturing. Both dates are required: we plan the transport around them.
- 3 Manufacturing finished. Press it when you send us your invoice for the order.

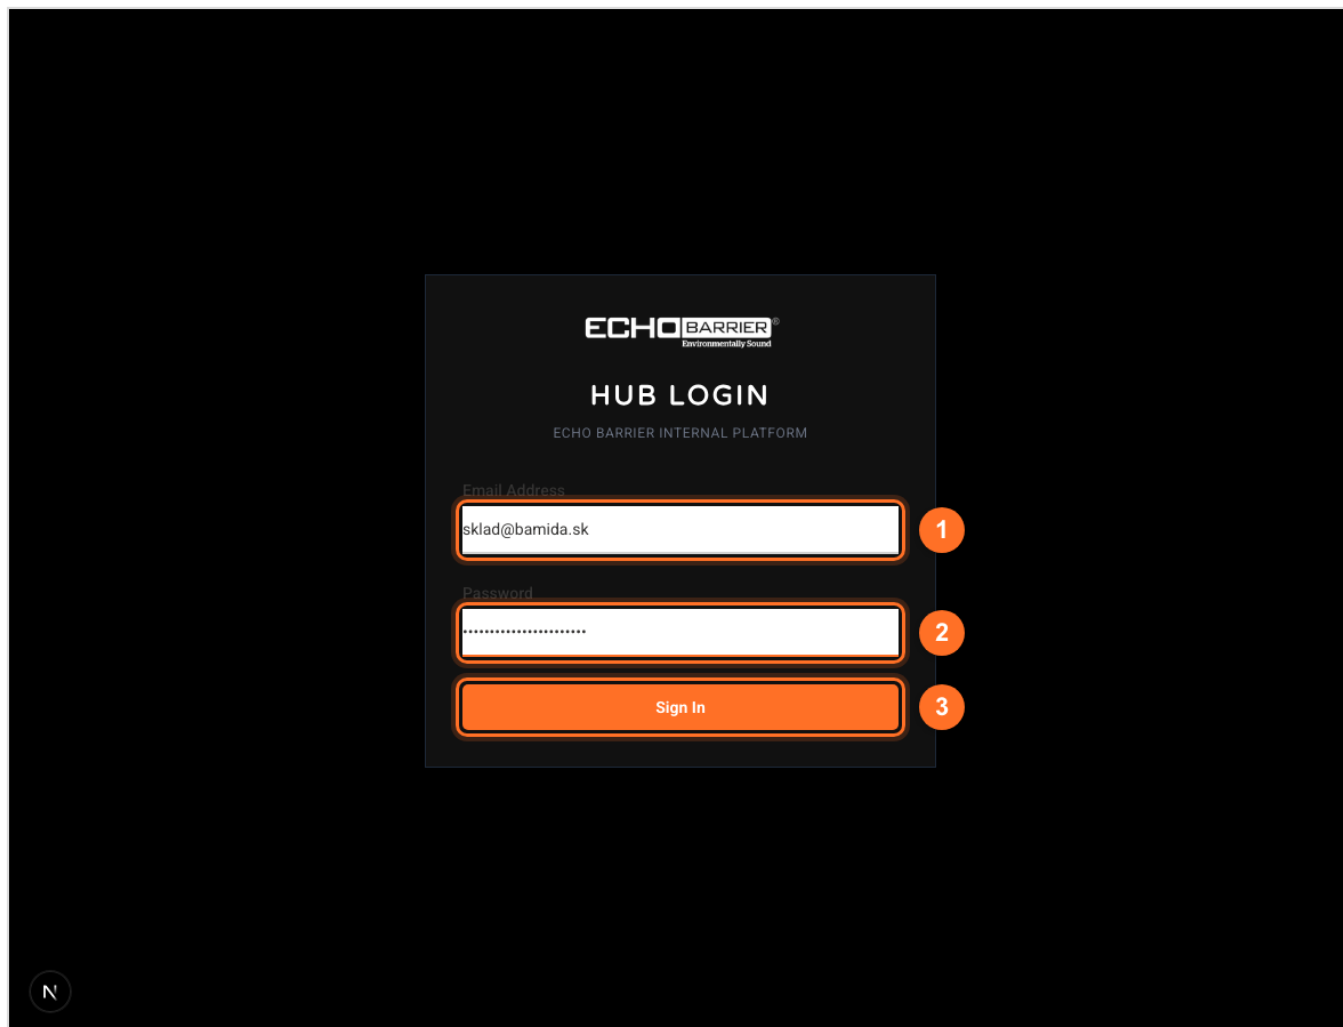

IMPORTANT

We can only pay an invoice once its order is marked finished in the Hub. That is how we know the barriers are done and can be collected.

Signing in

The username and password are in the email that came with the order. The password does not change.

- 1 Enter the username. It is the email address from the order email.
- 2 Enter the password. Save it in your browser the first time, so next time it is one click.
- 3 Press Sign In.

The screenshot shows the 'HUB LOGIN' interface for the 'ECHO BARRIER' internal platform. The interface is centered on a dark background. At the top, the 'ECHO BARRIER' logo is displayed with the tagline 'Environmentally Sound'. Below the logo, the text 'HUB LOGIN' and 'ECHO BARRIER INTERNAL PLATFORM' are visible. The login form consists of three main elements: an 'Email Address' input field containing 'sklad@bamida.sk', a 'Password' input field with masked characters, and an orange 'Sign In' button. Three orange circular callouts with numbers 1, 2, and 3 are positioned to the right of the form, pointing to the email field, the password field, and the 'Sign In' button respectively. In the bottom left corner of the dark area, there is a small circular icon containing the letter 'N'.

Your orders

Signing in opens the Manufacturing tab. Every order we have sent you is here, finished ones included.

- 1
- Click the order you want to open.

The last column is the status: Awaiting your confirmation, Confirmed, In production or Finished.

Purchase orders sent to you. Open one to download it, confirm it with your dates, and mark it finished when you invoice.

Q

Search by order number or product...

PURCHASE ORDER	PRODUCTS	UNITS	SENT TO YOU	START	FINISH	STATUS
GUIDEPO9001-1	Echo Barrier H9 and 1 more	470	17 Sept 2026			Awaiting your c
EBSRO8001-1	Echo Barrier H9 and 2 more	360	17 Sept 2026			Awaiting your c

Steps 1 and 2: download the order and enter the dates

- 1 Press Download purchase order (PDF). This is the document you build from. It replaced the attachment you used to get by email.
- 2 Enter the estimated start of manufacturing.
- 3 Enter the estimated finish of manufacturing.

Both dates are required. We plan the transport around them, so we cannot go ahead without them. Until both are filled in, the Confirm button stays disabled.

Purchase order GUIDEPO9001-1 Awaiting your confirmation

Sent to you on 17 September 2026.

PRODUCT	QUANTITY
Echo Barrier H9	350
Echo Barrier H8	120

1 Download the purchase order

This is purchase order GUIDEPO9001-1, the document you would have had attached to the email.

Download purchase order (PDF) 1

2 Confirm the purchase order

Tell us when you expect to start and finish. We need both dates: they are what we plan the shipping around, and they are quoted back to you in the confirmation email.

ESTIMATED START (REQUIRED) 2

ESTIMATED FINISH (REQUIRED) 3

yyyy/mm/dd yyyy/mm/dd

Confirm purchase order

Fill in both dates and the button turns on.

3 Manufacturing finished

Press this when you send us your invoice for this order. **We can only pay an invoice once its order is marked finished here**, because this is how we know the barriers exist and can be collected.

Confirm the purchase order first, with your estimated dates.

Step 2: confirm the order

Once both dates are filled in the button becomes available.

4

Press Confirm purchase order.

You get a confirmation email with your dates straight away. The dates can still be changed until the order is marked finished.

✔

Confirm the purchase order

Confirmed on 17 Sept 2026. We have your dates and a confirmation email is on its way to you.

You can still change these dates until the order is finished.

✔

Manufacturing finished

You marked this order finished on 17 Sept 2026. Echo Barrier have been told, and the barriers can be collected.

The Hub as an app on your computer

The Hub can be installed like an ordinary application. It opens in its own window with no browser tabs, and sits with your other programs. Nothing is downloaded and nothing needs updating: it is a window onto hub.echobarrier.com, so you always see the current version.

Chrome and Edge: an install icon appears at the right-hand end of the address bar. Click it and confirm Install. Safari on a Mac: the Share menu, then Add to Dock. If you cannot see the icon, reload the page: it only appears after the first load.

The Hub on your phone

You can open the same page on a phone without retyping the address.

- 1

Click the phone icon at the top right, next to your name.

It works on any page: the code always points at the one you have open.

Save dates

Scan the code

Point your phone camera at the code and the same page opens in the phone browser. You will have to sign in the first time, with the same details.

To keep the Hub on the phone itself: on iPhone, tap Share in Safari and then Add to Home Screen. On Android, open the browser menu and choose Add to Home screen. iPhone has no install button beside the address bar; it is done through Share.
